School Mission

Our mission is to provide a holistic education based on Taoism, placing equal emphasis on students' moral, intellectual, physical, social and aesthetic development. In accordance with our motto "Grasp Principles, Cultivate Virtues", we are dedicated to helping students develop moral integrity and academic excellence.

Remarks

Our school does not run an Applied Learning Programme, but we arrange various courses and activities to enrich students’ Other Learning Experiences. Student performance in the activities is recorded in the Student Learning Profile.

S.1 Admission, Orientation Activities & Healthy School Life

Secondary One Admission
Our school will accept discretionary places. Our school will participate in the Secondary School Places Allocation System through central allocation stage (Applicable for admission to S.1 in September 2023). Admission criteria and weightings for S.1 discretionary places: Interview (30%), Academic results and conduct in primary school (30%), Extra-curricular activities / school or social services / prizes (20%), Rank Order List provided by EDB (20%).
Orientation Activities and Healthy Life
Orientation Activities: ● Form One Orientation Day: Give parents and new students a better understanding of the school through activities arranged. ● Form One Summer English Bridging Programme: Curriculum and teaching materials are designed to help students adapt to an English-medium learning environment. ● Orientation Week: S.1 students are guided by senior students to tour the school campus. This helps our new students to become familiar with the school environment and be better prepared for their secondary schooling.  Healthy Life: ● The Health Education Unit advises students about matters relating to health. It also organizes various activities such as health talks and the influenza vaccination programme. ● We take part in the School Physical Fitness Award Scheme (SPFAS) to promote student participation in regular exercise for good health. ● The Rope Skipping Team promotes rope skipping activities to strengthen students’ cardiopulmonary functions.

Hong Kong Taoist Association Tang Hin Memorial Secondary School

School Characteristics
School Management
<b>School's Major Concerns:</b> We put emphasis on enhancing moral and academic calibre. We expect our students to be caring persons and leaders of tomorrow.
<b>School Management Organisation:</b> Under the supervision of the Incorporated Management Committee, various administrative units such as the Executive Committee, the Studies Unit, the Discipline Unit, and the Counselling Unit implement school policies. They liaise with the Parents-Teachers Association, the Student Union, teachers and Alumni Association on a regular basis.
<b>Incorporated Management Committee / School Management Committee / Management Committee:</b> The Incorporated Management Committee comprises representatives from the sponsoring body, independent professionals, parents, teachers, and alumni. The IMC is responsible for giving general directions to the school in the formulation of education policies, and for overseeing school performance.
<b>School Green Policy:</b> <ul style="list-style-type: none"><li>● The Conservancy Club has been established to encourage environmental protection. There is a green prefect in each class to implement conservation policies.</li><li>● Our school has a nature trail and a roof garden to enrich students' knowledge about greening the environment.</li><li>● In order to promote the use of renewable energy, our school has installed solar panels to generate clean energy.</li></ul>
Learning and Teaching Plan
<b>Whole-school Language Policy:</b> <ul style="list-style-type: none"><li>● Use English as the medium of instruction in all subjects except Chinese Language, Chinese History, Physical Education, Putonghua and Life Education, and arrange a variety of language activities to raise students’ standard in English. The language activities include English weeks, training programmes for choral speaking, English overseas study tours, etc.</li><li>● Develop student interest in learning Chinese Language through activities such as the appreciation of good writing and speeches delivered by renowned writers.</li><li>● Include Putonghua in the junior school curriculum and ensure that all S.3 students reach a competence level.</li></ul>
<b>Learning and Teaching Strategies:</b> <ul style="list-style-type: none"><li>● Improve the curriculum in Chinese, English and Mathematics to ensure that students have a strong foundation for learning.</li><li>● Adopt student-centred learning activities to develop students’ thinking skills.</li><li>● Put emphasis on interaction and feedback between students and teachers in order to enhance students’ learning effectiveness.</li><li>● Have more co-curricular activities to enrich students’ learning experiences.</li></ul>
<b>School-based curriculum:</b> 1. Electives: 3X. Our school offers 49 subject combinations for students to choose. Students are able to choose three electives according to their interests and abilities. The more able students are allowed to select Japanese as their fourth elective. 2. Curriculum highlights: <ul style="list-style-type: none"><li>● We focus on improving students’ proficiency in Chinese, English and Mathematics to ensure that they have a strong foundation for learning.</li><li>● The curriculum has been constantly revised to set clearer key learning points and put emphasis on thinking and application in order to boost the learning effectiveness.</li><li>● Help students to develop positive moral values through Life Education.</li><li>● Organise life-wide learning activities to ensure necessary exposure of students for balanced and whole-person development.</li></ul>
<b>Development of the Four Key Tasks:</b> <ul style="list-style-type: none"><li>● Cultivate students’ reading habits through various activities such as extensive reading schemes, subject-based reading programmes, book exhibitions and Good Book Recommendation.</li><li>● Encourage e-learning and STEM education in order to strengthen students’ independent learning skills.</li><li>● Provide systematic training on project-based learning skills to help students develop their generic abilities.</li><li>● Life Education integrated into the formal curriculum goes with moral, civic and national education programmes to cultivate virtues, civic awareness and national identity in students.</li></ul>
<b>Life Planning Education:</b> <ul style="list-style-type: none"><li>● Help students develop their potential and better prepare them for the pursuit of their life goals.</li><li>● Equip students with transferable skills that can be applied in their future studies and career.</li><li>● Arrange talks, workshops and visits for students to help them draw up their plan for the future.</li><li>● Elevate students’ capacity to get used to making informed choices among the multiple paths of further studies.</li><li>● Provide students and parents with information for further studies such as data about the JUPAS choices, admission requirements of universities and overseas institutions.</li><li>● Arrange activities such as Mock JUPAS and Mentorship Scheme to enhance students’ awareness of various paths for further studies and their understanding of the world of work.</li></ul>
Student Support
<b>Whole School Approach to Catering for Learner Diversity:</b> <ul style="list-style-type: none"><li>● Establish an academic support team to cater for individual student needs.</li><li>● Implement enrichment programmes to consolidate students’ skills and knowledge, and ensure a strong foundation for learning.</li><li>● Set up a Gifted Student Development Unit to provide the opportunities for students to achieve their true potential.</li><li>● The Counselling Unit provides individual guidance for students.</li></ul>
<b>Whole School Approach to Integrated Education:</b> <ul style="list-style-type: none"><li>● The Special Educational Needs Team has been established. It consists of the heads of Studies Unit, Counselling Unit, Discipline Unit, Exam Unit, counselling teachers, Special Educational Needs Coordinator (SENCO), form masters, social workers, educational psychologist, subject teachers and teaching assistants.</li><li>● Regular meetings are held to discuss the learning progress of SEN students and support measures are adopted in the aspects of curriculum and assessment.</li><li>● The Learning Support Grant and other grants are used for employing 2 teaching assistants and organizing after-school activities. The activities include individual guidance and tutoring, school-based speech therapy services, training groups in the areas of social skills, executive functions, personal growth and career planning.</li></ul>
<b>Measures to provide adaptation for Learning and Assessment:</b> <ul style="list-style-type: none"><li>● Adopt the methods of continuous assessment and provide students with positive feedback and guidance in order to encourage them to learn.</li><li>● Release students’ academic performance reports to parents four times a year to foster closer links between school and parents.</li></ul>

<b>Home-School Co-operation and School Ethos</b>
<b>Home-School Co-operation:</b> <ul style="list-style-type: none"><li>● Establish a close liaison with parents through the Parents-Teachers Association, Parents’ Day, seminars, student handbooks, circulars, the school webpage, etc.</li></ul>
<b>School Ethos:</b> <ul style="list-style-type: none"><li>● We put emphasis on moral education. Our students are well-mannered and self-disciplined.</li><li>● An integrated moral education programme has been introduced to help students develop positive moral values.</li><li>● A “Big Brothers and Sisters” scheme has been established to foster a caring environment.</li><li>● The Student Union organizes various activities to create harmonious teacher-student relations.</li></ul>
<b>Future Development</b>
<b>School Development Plan:</b> <p>1. Formulate the Personal Growth Programme to cultivate students’ positive values. The policies are as follows:</p> <ul style="list-style-type: none"><li>● Help students develop positive values and attitudes through Positive Education and Values Education. The activities include Monthly Moral Programme, My Learning Journal and the learning activities in Life Education.</li><li>● Encourage students to participate in life-wide learning activities in order to enrich their learning experiences, and foster their positive emotions and sense of accomplishment.</li><li>● Enhance students’ leadership skills through training workshops and extra-curricular activities.</li><li>● Improve the reward programmes to foster student engagement in school and community service.</li><li>● Help students develop a good inter-personal relationship through the curriculum of Life Education and counselling services.</li><li>● Arrange talks, workshops and visits for students to help them draw up their plan for the future.</li><li>● Help students build self-discipline through the curriculum of Life Education, activities organized by the Discipline Unit and implementation of school rules.</li><li>● Promote information literacy to cultivate students’ positive attitudes towards the use of information.</li><li>● Help students gain a correct understanding of the Basic Law and National Security Law in order to nurture them to become law-abiding citizens.</li><li>● Boost students’ sense of national identity through various activities.</li></ul> <p>2. Implement the Effective Learning Programme to enhance teaching and learning effectiveness. The policies are as follows:</p> <ul style="list-style-type: none"><li>● Refine the curriculum by promoting cross-curriculum reading programmes, STEM education and life-wide learning activities to upgrade students’ learning abilities.</li><li>● Adopt effective teaching and assessment strategies, such as the strategies of e-learning, self-directed learning and continuous assessment, to boost students’ learning effectiveness.</li><li>● Create an English-rich environment to enhance student proficiency in English.</li><li>● Provide more support for students to cater for their learning diversity and let them give full play to their academic potential.</li></ul>
<b>Teacher Professional Training and Development:</b> <ul style="list-style-type: none"><li>● Teachers actively participate in training courses and seminars.</li><li>● Professional development seminars are held to prepare teachers for the new education development.</li><li>● Promote the peer lesson observation and sharing culture in order to create a learning community.</li><li>● Improve the new teachers’ mentorship scheme in order to enhance teaching effectiveness.</li></ul>
<b>Life-wide Learning (including Five Essential Learning Experiences to be provided through Key Learning Areas, extra-curricular activities, co-curricular activities, etc.)</b> <ul style="list-style-type: none"><li>● Mission: In order to uphold the principle of “one art for life” , students are encouraged to participate in at least one cultural or art activity.</li><li>● Extra-curricular structure: There are Student Union, four houses, thirty clubs and twelve school teams.</li><li>● Co-curricular activities: Various activities and Life-wide Learning Day are organized to broaden students’ horizons.</li><li>● S4 Life-wide Learning Sessions: 2 periods in each cycle are allocated for students to participate in life-wide learning activities which aim to broaden their horizons.</li></ul>
<b>School Facilities</b>
